

Badger Swim Club Photography Policy

PHOTOGRAPHY POLICY PURPOSE

There has been much talk about whether it is safe to have images taken of children participating in sports. While the great majority of images are appropriate and are taken in good faith, it is a fact that images can be misused and children can be put at risk if commonsense procedures are not observed.

POLICIES

In the case of open meets and other competitions where the host club has an official photographer present, all parents attending should be made aware of this in your meet information. If photos are to be published anywhere, the individual parent should be given the opportunity to withhold their consent. Their right to do so should be specifically drawn to their attention.

All photographs must observe generally accepted standards of decency in particular:

- Action shots should be a celebration of the sport in activity and not a sexualized image in a sporting context.
- Action shots should not be taken or retained where the photograph reveals a torn or displaced swim suit.
- Photographs should not be taken from behind swimming blocks at the start of a race or exhibit a child climbing out of the swimming pool.
- Photographs should not be taken in locker-rooms or bathrooms.

Badger Swim Club may wish to take photographs (individuals and in groups) of swimmers under the age of 18 that may include your child during their membership in the club. All photos will be taken and published in line with club policy.

All photographers of the Badger Swim Club, volunteer or paid, are required:

- to have a background check
- complete USA Swimming's Safe Sport Athlete Protection Training

Parents have a right to request a photo of their child be removed from our club's secure website or any social media owned by the Badger Swim Club.
